- Time & Project Management

PROJECTS

Frontend Developer (Freelance) — 2022–Present

- **Personal Portfolio Website** Github | Live Link

A fully responsive portfolio highlighting my personal projects and SEO-friendly structure for improved visibility.

Tech stack: Html, Css, JavaScript.

- **Nexus** Github Link | Live Link

A modern, powerful business intelligence dashboard built with React, Tailwind CSS, and Recharts. Nexus provides comprehensive business analytics, customer management, inventory tracking, and reporting tools in a beautiful, responsive interface.

Tech stack: React, Tailwind Css.

- **ZORIEJẸUN** Github Link | Live Link

A fully responsive front-end website built with HTML, CSS, and JavaScript to showcase traditional Nigerian food delivery service. The site features a visually engaging menu, brand storytelling, and a newsletter sign-up form with client-side validation—demonstrating form handling and user input validation. Designed with a mobile-first approach, it delivers a seamless browsing experience across all devices while maintaining clean UI, intuitive navigation, and optimized performance.

Tech stack: Html, Css, JavaScript

- **SmartLiving** GitHub Link | Live Link

SmartLiving is a premium, high-tech platform designed to bridge the gap between real estate and the Internet of Things (IoT). It's built with a sleek, futuristic interface and it provides users with a central ecosystem to discover, manage, and automate smart properties.

Tech stack: React, Tailwind Css

KEY ACHIEVEMENTS

- Collaborated with designers to translate 4+ Figma mockups into pixel-perfect web layouts, achieving 100% design accuracy.
- Implemented technical SEO strategies (meta tags, schema markup, and structured URLs) to improve search engine rankings.
- Deployed and managed 4+ projects on GitHub Pages and Vercel, enabling real-time previews and faster feedback cycles.

ADDITIONAL QUALIFICATIONS

- Strong understanding of on-page SEO and performance metrics.
- Familiar with deploying static sites using Vercel.
- Enthusiastic about learning new frontend technologies and frameworks.
- Attention to detail with a focus on accessibility and responsive design
